

WELT ELECTRONIC S.p.A.

COMPONENTI ELETTRONICI

WELT ELECTRONIC COMMERCIALIZZA i SEGUENTI PRODOTTI:
WELT ELECTRONIC TRADES THE following PRODUCTS:

PASSIVE COMPONENTS

- **Trimmer** size 6/9/14 mm
- **SMD** available

- **Film** polyester, polypropylene and precision capacitors
- **Soppressor** capacitors
- **SMD** available

- **Trimmer** cermet
- **Potentiometers**
- **Chip** resistors and arrays
- **Switches**
- **Multifuse**
- **Chip** inductors
- **SMD** power inductors

- **Aluminum** electrolytic capacitors
- **SMD** available

- **Ceramic** resonators
- **Ceramic** filters

- **Ceramic** disc and chip capacitors
- **Multilayer** capacitors
- **Trimmers**
- **Coils** and delay lines
- **Noise** suppression products
- **EMI** suppression filters
- **Resonators**
- **Piezoelectric** sound components
- **Microwave** components
- **Sensors**

PASSIVE COMPONENTS

**PAN OVERSEAS
ELECTRONIC CO., LTD.**

- **Ceramic** disc and chip capacitors • **Multilayer** capacitors • **Safety** standard recognized ceramic capacitor • **Multilayer** ferrite chip beads • **Multilayer** ferrite chip inductors • **Metal** oxide varistors

PILKOR ELECTRONICS CO., LTD.

- **Film** polyester, polypropylene and precision capacitors • **Suppressor** capacitors
- **SMD** available

Patience Confidence Concentric

SIWARD

- **Crystal** oscillator OSC • **TCXO**, VCXO, VCTCXO • **Crystal** units DIP and SMD
- **Monolithic** crystal filter • **Saw** resonator • **Ceramic** resonator

TY-OHM

- **Carbon** film, metal oxide, wire wound, power, fusible, metal film resistors • **Thick** film chip resistors • **Thick** film resistor networks, S.I.L. and chip • **Flameproof** resistors • **Jumper** wires & zero ohm • **Low** ohm wire resistors

Welt Electronic commercializza anche:

Componenti per **APPARECCHIATURE**; Componenti **ATTIVI**; Componenti per **CONNESSIONE**;
Componenti **ELETTROMECCANICI**; Componenti **OPTOELETTRONICI**.

Welt Electronic also trades:

Components for **ELECTRONIC SYSTEMS**; **ACTIVE** Components; Components for **CONNECTION**;
ELECTROMECHANIC Components; **OPTOELECTRONIC** Devices.
